DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters:
2. The drawings are objected to because claim 13, line 5, teaches an elongate recess having a shelf and further shelf being inclined, must show with reference number shelf with inclination; claim 14 line 5 teaches inkjet cartridge having a complementary face, must show with reference number complementary face. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.
3. Claim 13 recites the limitation "the elongate opening" in line 5. There is insufficient antecedent basis for this limitation in the claim.
4. Claim 13 is objected to because of the following informalities: line 6 contains "direct" perhaps applicant means "direction". Appropriate correction is required.

5. Claims 13 & 14 are objected to because of the following informalities: inconsistent terminology, lines 7, 10 of claim 13 and line 4 of claim 14 uses “the cartridge”. Applicant should either use “cartridge” or inkjet cartridge (as established in line 3 of claim 13) to avoid confusion as to reference to separate cartridge being claimed. Appropriate correction is required.

6. Claim 13 is objected to because of the following informalities: inconsistent terminology, line 7. Applicant should use either “recess” or “elongate recess”. Appropriate correction is required.

7. Claim 15 is objected to because of the following informalities: inconsistent terminology, line 2. Applicant should use either “elongate opening” to stay consistent with term as claimed in claim 14. Otherwise there is insufficient antecedent basis for this limitation in the claim.

Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

REASON FOR ALLOWANCE

8. Claims 13-16 are allowed.

9. The following is an examiner’s statement of reasons for allowance: The primary reason for the allowance of claims 13-16 is the inclusion of the limitations of an inkjet printer cradle including an elongate recess for a removable inkjet cartridge having a page width printhead, *wherein the elongate recess has a shelf being inclined with respect to direction of movement of*

Art Unit: 2853

the inkjet cartridge during insertion into the elongate recess and further including retainer to retain inkjet cartridge and plurality of resilient members for biasing the inkjet cartridge being arranged on proximate ends of elongate recess. It is these limitations found in each of the claims, as they are claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
